

Prayer & Praise

Fellowship Community Church

September 6, 2026

Please pray for these requests this week!

1. Continue to pray for my kidney disease please. I am at stage 3b and have had a few medications changes this week to help. Provided I get my blood sugar under control and the meds work, I can live in 3b for many years. *Gale*
2. Please pray for a new job out there. Also, pray for my family and our finances. *Luis*
3. Praise God! Rachel, Josh, and the kids, Lilly, Talulah, and Ezekiel are moved into their new house. Pray for the old house to sell quickly. God's got this. Pray for Rachel and for Josh who aren't feeling well. *Christy*
4. Pray for all that is out-of-control in the world—abortion, child trafficking, drugs, hate, mental illness. Praise God for His love, grace, compassion, and mercy. *Gloria*
5. I have known Joey for 30 years. He has never been a believer and has lived poorly. He has made choices that have brought him to a life-threatening disease. Pray for his salvation and healing. *Tara*
6. Pray for my mom Shirley's appetite and desire to drink fluids. She is on comfort care. Pray that God will be merciful during this season and journey. *Glinda*
7. Please pray for Sally's sister, Louise, who is starting new medicine for depression. *Larry and Sally*
8. Please pray for Clint's stroke and for Eleni in Belgium who needs job. Pray for our next-door neighbors who are going to move. I'm so sad as the father has been like a son to me. *Eleni*
9. Pray for our sister, Denise, who just went through her fifth surgery. Pray for our sister, Linda, who is recovering in a rehab center in Littleton. *Judy*
10. Praise that the five of us are in church together as a family this weekend. Pray for the challenging week ahead. God knows what prayers are needed. *Sarah and Lou*
11. Please pray for our daughter, Renee, in Texas. She is in the hospital with diverticulitis and small perforations. Please pray her body will heal the holes in her colon. Pray for wisdom for the doctors and for no surgery. *Jocelyn*
12. Please, beloved brothers in faith in Christ, pray for the following: green card renewal for my wife, Mariela; my successful completion of training as an electrician and air conditioning tech; my US citizenship; my finding a good, full-time job; full recovery in health issues; success in setting up a technical workshop; successful outcome of legal issues. *Juan*
13. Pray for my son-in-law, John, whose PSA test showed numbers were up. He has a history of cancer. Pray his numbers go down. *Marilyn*
14. Pray for our home in Falcon, CO to sell quickly and at a reasonable price. *Patricia*
15. Pray for the Lord to open an employment opportunity as a Construction Superintendent here in Colorado. I moved here 3 weeks ago to be with my wife and help with family matters. I need to get back to working. *Enrique*

How can we pray for you?
