

Seated, Walking, Standing: A Change of Heart Everything

Ephesians 5:21-33

April 16, 2023

Synopsis: As those who Jesus brought from death to life, making us a new humanity, our relationship to *everything* has been changed – from minutes to marriage. Filled with the Spirit, we can see and live out God's design for everything in creation if we would only stop limiting Jesus to a change of heart and let him change everything in us.

Take some time to discuss these questions with friends or family today:

- How would you answer the question, "How has Jesus changed your life?"
- In what areas do you have difficulty seeing the change God's design makes in how you think about, feel about, and live out that area?
- Where do you think our resistance to the term "submit" comes from?
- How will a Christian's understanding and practice of husband-ing or wife-ing look different than your neighbor's?
- What area of your life will you investigate to see how Jesus changes our thoughts, attitudes, and actions?
